WEST local

99 Chew Valley Cat

Bishop Sutton – Chew Magna – Pensford – Clutton – Compton Martin – **Ubley**

People-powered transport

*WEST*local is a new type of bus service - designed by local people to meet the needs of their community. They're being created all over the region thanks to funding from the West of England Mayoral Combined Authority.

See how your *WEST*local came about and why it's important you support your local bus service.

Designed for local people, by local people

Following the successful launch of the X91 Chew Valley Sprint, the Chew Valley CIC Sustainable Transport Partnership created another *WEST*local route.

The *WEST*local 99, known locally as the "Chew Valley Cat" circulates around the Chew Valley, connecting many villages, medical centres, leisure spaces and shopping destinations, and linking to bus services on the A37 and B3355 to Bristol, Bath, Keynsham, Midsomer Norton, Frome, Wells, Glastonbury and beyond.

The Chew Valley CIC Sustainable Transport Partnership are passionate about the benefits of travelling by bus: for individual convenience, community connection, personal wellbeing and as a simple pragmatic behaviour choice that can address the Climate & Nature Emergency by decreasing local congestion and pollution and lowering the carbon footprint of transport in the area.
